Greetings to all Longhorn Enthusiasts,

We welcome you all to the upper Midwest and our inaugural Great Northern Longhorn Classic Sale. This event is the first of its kind in Wisconsin, offering top quality registered Texas Longhorn cattle through a consignment sale. We are highlighting females of all ages, from yearling heifers to mature cows, all from top genetics from around the US. Any of the animals offered in this sale would be a great base for the entry level person to start a herd or for the established breeder to add additional top genetics to their program. This sale has horn, color and pedigrees. For all those new to the Longhorn breed we give a special welcome. You'll find out that Longhorn breeders are some of the friendliest people out there, so be sure to ask any questions you may have to the sale consignors, I know they'll be happy to help you. To those who have shown interest and those attending this sale we say "Thank You". And to the consignors and sale sponsors who made this sale possible, your support is greatly appreciated. Enjoy the sale and have a great day.

Breeding: Exposed to PCC Rim Rock from 10/21/16 to 2/25/17.  
Comments: OCV'd. Angel has a great pedigree that can be underrated at times. Her dam, is big bodied, over 80" TTT daughter of JP Rio Grande. Her great grand dam JMC Phenomenal Abigail left a huge mark on the Longhorn breed giving us so many greats. These kind of genetics don't come in the sale ring everyday. Exposed to PCC Rim Rock who is over 84" TTT makes this package even more fun. Let the pedigree go to work.
